

? sound ? the ? Alarm ?

always check
your fire alarm
just in case.

But just
remember one
little flame can
corse a burnt
down house

Be careful
and stay alert
with fire
and don't play

OR a
chance
of you
getting
burnt
so be
carefully

Always keep
alert and
always watch out
for  fire

Did you
know that if you
mess around with
lighters there is a
95% of you burning
yourself or catching
something on
fire???
