Fire Safety

Guide

Practical
Very So often
have a
fire practice

How to get out!

Always crawl to get around in a fire to avoid illnesses. Even on the stairs bottom shuffle. Always check with the back of the hand to see if a room is safe. Get out quickly.

Tell Someone!

Always tell an adult and your family first. Once you have got out safely call the fire station!

Don't Stop!

Don't stop for anything even your favourite toy.

Turn It Off!

To keep safe from fire do these things.
• Don't charge any phones or gadgets when you are sleeping or not there.
• Always turn the cooker off when not there.
• Don't have too many plugs.

When you are out!

Never call the fire people when inside. Wait until you are outside and well away from the house.

Be Safe

Always check the fire alarm. Choose a day to check your fire alarm once a week.
